## Chapters of your film

*Your beautiful, bespoke film can consist of up to 3 parts:*

### *“Your message”*

*A beautifully designed message to each other to treasure for ever. Take the opportunity to tell your other half how much they mean to you and share your hopes and dreams for your future together. This professional film looks simply stunning with it's film quality colour grade and sensitively arranged edit and music choices will make you feel like a film star.*

### *“Your story”*

*All of the quality and beauty of the message but a more comprehensive celebration of your relationship. Enjoy retelling the important milestones of how you met, first date, first kiss, the proposal and more... This interview style format gives you the opportunity to tell the chapters of your story in your own words with all the love and laughter that has helped you become the couple you are today!*

### *“A Game of 2 Halves!”*

*Based on the classic gameshow “Mr and Mrs” this is our opportunity to see the amazing dynamic of your relationship with both people on screen! Play our fantastically fun game, answering questions about your relationship and compete for bragging rights over who will win! This truly is the cherry on top of your cake, giving family and friends a glimpse into the real couple, creating a fun-filled segment that you and your friends and family will enjoy watching again and again!*

### *The Big Screen*

*We will bring our 100" screen, projector and sound system to your wedding and play your film for all your guests to enjoy. This might be the whole film or a specially edited segment that's just for the big day. This truly creates an incredible and memorable moment in your day, especially when you hear those messages to each other for the first time!*

### *The Gift*

*A stunning video brochure with 10" screen and built in sound system. This truly is a special gift. As elegant as it is discrete, enjoy opening up this video album and having a little cuddle as you remind yourselves how you fell in love and of course....
